IMO COVID-19 data package documentation

This open source data package of IMO content for COVID-19 ("C19 Data") has been created by Intelligent Medical Objects, Inc. ("IMO") and the IMO components are distributed under the terms of the Creative Commons Attribution 4.0 International Public License. Notwithstanding the foregoing, portions of the C19 Data are provided by third parties and are subject to their respective license terms, please see https://www.snomed.org/license and https://loinc.org/license/.

Additional information about this license:

•   C19 Data © 2020 Intelligent Medical Objects, Inc.

•   The right to maintain the C19 Data remains vested exclusively in IMO and Licensees are encouraged to register to receive updates to the C19 Data by visiting https://go.imohealth.com/CT-NA-200506-Open-source-terminology-and-value-set-data-COVID-19-01-Landing-page.html.

•   The Licensee can modify and redistribute the C19 Data, however, modifications to the IMO descriptions that affect the relationship to the IMO lexical code are not recommended.

•   The Licensee can create derivatives or related products and services based on the C19 Data.

•   IMO does not accept any liability for the Licensee's use or redistribution of the C19 Data.
